

BALL VALVES

Description

Short, space saving shut off valves providing a smooth passage which corresponds to the cross section of the pipe. Prevents pressure losses and flow resistance. Sealing on the ball valve on both sides by means of flexible preformed seals providing easy movement.

Materials

Ball Valve: Cast aluminium

Instantaneous fittings: Forged aluminium alloy to BS336.

Nominal Size	Inlet	Outlet	Weight (kg)
32	2 ½" male instantaneous	2 ½" female instantaneous	1.70
40	2 ½" male instantaneous	2 ½" female instantaneous	2.70
